

Presumpscot Regional Land Trust

Engaging with communities to conserve, steward, and provide access to local lands and clean water for current and future generations to enjoy

CONSERVE - We forever conserve land that has the greatest benefit to wildlife, water quality, local working farms, and public access to nature – to ensure people can access and enjoy the outdoors for generations to come.

STEWARD - We hold 1,600 acres of conserved lands with 14 free public access preserves, with trails and water access. We are the water stewards of the Presumpscot River watershed, and we coordinate the Sebago the Sea Trail, a 28-mile trail from Standish to Portland.

ENGAGE - We provide free monthly education programs for the public, families and schools on our trails in the outdoors.

GET INVOLVED - Join us by becoming a member, making a gift, and volunteering.
